We're now at last in the hiring stages with Bennion Center for a new Volunteer Coordinator Program Director to facilitate volunteer engagement at Edible Campus Gardens.

It is an un-paid 10 hr/wk internship with funding for educational/professional development conferences/travel.

If interested go to this link and use these instructions to the application:

[http://bennioncenter.org/students/leadership/positions.php](http://bennioncenter.org/students/leadership/positions.php).

Scroll to the bottom of the page and click on the gray “Student-Directed Programs” box. Then scroll to the “Environmental Stewardship” section, and you will see the ECG description. Once you have reviewed the description, scroll back to the top of the page and click on “applying online.” This will take you to the general Bennion Center leadership application. When you get to the position preference section, put Edible Campus Gardens in “Position 1.” Don’t worry about “Position 2” and “Position 3.”
