

FALL INTERNSHIP OPPORTUNITY

The Salt Lake County Recycling Office is announcing a Fall 2016 internship/service learning opportunity at the Salt Lake Valley Landfill.

Students will be asked to help us increase our outreach by interacting with landfill customers and helping our residents learn more about source separation.

More specifically, students will be asked to do the following:

- Work outdoors and indoors
- Guide tours of the landfill
- Table at events offering recycling information
- Increase our recycling outreach through social media
- Update our outreach database
- Answer questions regarding recycling and materials accepted at the landfill via phone
- Will work closely with the Recycling Office staff

Depending on your availability and interests, we will tailor a waste reduction project for you.

A successful student will be passionate about recycling and its benefit to the environment.

If you are interested in this internship opportunity, please email Ashlee Yoder at recycle@slco.org or visit slco.org/human-resources/jobs/
