USGS Ecology Field Rep

USGS in Moab UT is seeking to hire 1 to 2 student interns to assist with a variety of ecosystem ecology research projects. The incumbent will gain valuable experience conducting basic ecology field work under the supervision of USGS ecologists and technicians. The primary study sites are located near Canyonlands National Park. Pay is $11.78 an hour. Housing will be provided in the Needles District of Canyonlands National Park and/or the Canyonlands Research Center (http://www.canyonlandsresearchcenter.org/).

Preferred start date is mid-February and the position will go through mid-June, with a possibility of extension through the summer depending on work load.

Applicants must be at least 18 years of age, possess a valid driver’s license, and must be a current student or recent graduate (less than 12 months out of school). To apply, please send a resume and copy of transcripts to CRS_Jobs@usgs.gov. If you have questions send an email to CRS_Jobs@usgs.gov.
