SPRING ENVST INTERNSHIP

Summit Land Conservancy is a land trust in Park City that works to permanently protect the open spaces of Summit County. The Conservancy has preserved over 3,000 acres and needs your help to protect more!

We have an opportunity available for an individual to work with a nationally accredited land trust while gaining knowledge about land conservation, exploring Summit County’s open spaces, and working with a unique blend of fun, enthusiastic, environmentally-conscious individuals.

Responsibilities

Park City Witness

- *Park City Witness*, a Summit Land Conservancy publication, is a collection of essays and artwork celebrating open space. We are looking for an intern to help the Education and Outreach Director with undertaking the project of *Witness* distribution to offices and businesses throughout Park City.

Conservation Breakfast

- Every 2 years, Summit Land Conservancy hosts a fundraising breakfast to honor our “Conservationist of the Year” and inspire guests to come together for local open space. We will need help in prepping for this event that will take place at Deer Valley Resort in May 2016.

Winter Outreach Programs

- Summit Land Conservancy is looking to launch several winter pilot programs to complement our summer Hops Hunters program. An intern will work with the Education and Outreach Director to plan activities that bring people onto the land during the winter/spring months. Programs include but are not limited to: guided raptor hikes with our partners at HawkWatch International, cross country skiing in Round Valley, and more!

Outdoor Explorers Summer Camps and Youth Programs

- Support the Education and Outreach Director with planning for this summer’s Outdoor Explorers Summer Camps. Due to great success with our pilot camps, we will be expanding the program from 2 weeks to 5, and will be looking into expanding ages and activities.

Other

- Administrative duties

Is there something specific you want to learn or do? Let us know, and during your time with us we will attempt to make this happen.

Please send resume, interest letter, and inquiries to caitlin@wesaveland.org
