Philadelphia, PA

Earthjustice is now accepting applications for a Clean Energy Staff Attorney position to be based in our Philadelphia office. Earthjustice is the premier nonprofit environmental law organization. We take on the biggest, most precedent-setting cases across the country. We wield the power of law and the strength of partnership to protect people's health; to preserve magnificent places and wildlife; to advance clean energy; and to combat climate change. We achieve this by hiring people who share a passion for justice and a healthy environment. We are here *because the earth needs a good lawyer*.

Founded in 1971, Earthjustice has a distinguished track record of achieving significant, lasting environmental protections. We achieve this by hiring people who share a passion for justice and a healthy environment. Our headquarters are in San Francisco with offices in Anchorage, Juneau, Los Angeles, Tallahassee, Miami, Honolulu, New York, Philadelphia, Denver, Seattle, Bozeman, and Washington, DC.

Earthjustice has a longstanding track record of success with our litigation and legal advocacy to reduce dependence on dirty fossil fuels and increase reliance on clean energy resources, including energy efficiency, solar, wind, demand response and storage. We see an unparalleled opportunity to hasten a shift away from fossil fuels; achieve major, enduring reductions in carbon pollution; and secure a cleaner, smarter, more equitable electric grid. The Clean Energy Program advocates for policies and infrastructure that support a swift transition to a modern sustainable energy system.
