YOUTH PROGRAMS INSTRUCTOR
SUMMER & FALL SESSION

Internship Description:

The Youth Garden Project (YGP) is a non-profit organization in Moab, UT with the mission of cultivating healthy children, families, and community through educational programs and the profound act of connecting people with food from seed to table. We are looking for an individual that is interested in working as an educator in a hands-on, outdoor setting within a variety of educational programs. In the summer, four interns facilitate our nine-week Summer Camp designing and implementing the activity plans for this program. During the fall, we have an After-School Program, Garden Classroom Field Trips, and an 8th grade Environmental Science Elective class that visits weekly—all of which will be taught primarily by two interns with aid from the Youth Programs Director.

6-Month Internship Details: May 21st-November 16th, 2018

SUMMER

- Four interns will work as a cohesive team to run the nine-week Summer Camp program.
- Interns will receive an in-depth training prior to leading the Summer Camp program; including behavior management techniques, discipline policies, and more.
- All interns will plan, organize, and lead the Summer Camp program with guidance and support from the Youth Programs Director. Daily Summer Camp responsibilities include, but are not limited to: ensure overall smoothness of the Summer Camp day including safety of campers; enforce YGP discipline policies with campers; prepare materials for activities and snacks; manage groups of children while building relationships/rapport with them; teach two-three 45 minute activities per day with co-instructors; encourage campers to learn, have fun, and connect with the garden; communicate with parents/guardians regarding campers' behavior, etc.
- Each intern will play a role in the instruction and development of Summer Camp weeks. This includes, but is not limited to: creating experiential, fun, and educational activities related to each Summer Camp theme; submitting detailed plans beforehand; sharing and coaching co-instructors in regards to your activities; providing positive and constructive feedback to co-workers.

FALL

- Interns plan and lead garden-based activities for two After-School Programs.
- Interns will receive Garden Classroom training and be given time to prepare for teaching, ask questions, and review any details with the Youth Programs Director.
- Interns will teach grades Pre.K-6 in the garden using YGP's curriculum; each lesson plan correlates with Utah Core Curriculum standards. During a Garden Classroom, each intern will teach approximately 12 students (half of a class) for 90 minutes.
- Interns will co-facilitate any other field trips (Middle/High School Classes, etc.) either with the Youth Programs Director or another intern.
- Interns may have the opportunity to build on pre-existing curriculum; develop new curriculum; or be involved with further program expansions that YGP is piloting.

OTHER

- Interns should expect to work 45 hours per week on average during the summer (M-F, 8am-5pm) and 35 hours per week on average during the fall. The fall schedule varies on a day to day basis.
- Interns should expect to be outside the majority of the day.
- YGP is involved in a series of local community events and fundraisers that interns may be required to work or attend beyond normal work hours.

- Interns will be certified in CPR and First Aid; certification opportunity will be provided if applicant is not already certified.
- Interns are expected to be a positive and enthusiastic team member throughout the duration of the internship.

Educational Opportunities:

- Gain experience teaching elementary-aged students
- Build your teaching skill set by leading hands-on science lessons
- Learn about how a garden can be used as a teaching tool
- Make relationships with students, teachers, summer campers, and families
- Write and implement creative lessons and activities
- Have opportunities to connect children with gardens, food, and community
- Community event/workshop involvement
- And more!

Skills Desired: *applicants must be 21 or older.*

Interns must be responsible and reliable; work well independently and in a team setting; show enthusiasm; and have an interest in experiential education. Intern should be a problem solver who is flexible and able to improvise. Intern must have an open mind and willingness to be involved with YGP beyond its youth programs and work either in the garden or at special events.

Compensation:

- Each intern will receive a stipend of \$400/month. First and last month's stipend will be pro-rated based on days worked.
- YGP will provide housing. Rooms will be shared with 1-2 roommates. Interns may move in the weekend before the internship begins, and move out by the Monday following the close of the internship. Any extended stay beyond these times must be approved by the Operations & Development Director.
- Interns will be provided with a small space at the house to garden for supplemental food supply and learning experience. YGP will provide seeds, plant starts, tools, irrigation, etc.
- When YGP is in peak harvest season, the intern household will receive a CSA share each week.
- Access to a variety of pro-deals through YGP

TO APPLY:

Please e-mail a brief cover letter and an attached resume with three professional references to Youth Programs Director, Julie Zender, at julie@youthgardenproject.org
