

## *SUWA seeks an enthusiastic intern for Summer 2023!*

Working with our Utah Outreach Organizer on a variety of grassroots campaigns, the intern will complement organizers as they conduct activities throughout Utah to demonstrate support for protecting America's Red Rock Wilderness as a significant step towards mitigating the climate crisis and protecting biodiversity. Activities may include, but are not limited to: coordinating letter writing to Utah Members of Congress, coordinating tabling activities at festivals and fairs, and directed public forum writing on timely issues, as permitted.

This internship is based in Salt Lake City at SUWA's headquarter office, 425 E 100 S, or online, and runs roughly mid-May to mid-August 2023. The intern reports to SUWA's Utah Outreach Organizer. Stipend is \$1,500, or \$500 per month for three months. Hours are part-time but flexible, roughly 8 hours/wk.

This is a great opportunity to gain valuable experience into the day-to-day functions of a nonprofit organization leading one of the most recognized conservation campaigns in the country, including wilderness legislation, national monuments and legal actions. The experience offers insight into environmental campaign planning, education, organizing and activism. The intern will take from the experience a new found, or reinvigorated, passion for activism to Protect Wild Utah. Interested applicants should send a one-page cover letter summarizing the reasons why you're the best candidate, where this opportunity fits into your education, and

describing what you intend to do with the experience. Please also include a one-page resume outlining your work and education background. Send both items to: Nicole Milavetz, SUWA, [nicole@suwa.org](mailto:nicole@suwa.org). Application deadline is May 1, 2023.
